Subject: Teresa Brewer Center Website Update - October 2005

To the TeresaFans emailing list:

The monthly update to the website is now available online.

October NEWS:

- **Ask Teresa!** features Teresa's responses to five new fan questions. See links on the [HOME](#) page or in [NEWS](#) > *Questions & Answers* to read recent questions and answers, or to ask Teresa a question of your own.
- In case you missed the September feature, we'll repeat that Teresa's appearance on **The Muppet Show** is now available on DVD. In 1977, Teresa made an appearance as celebrity guest in one episode of **The Muppet Show** – a comedy/variety show that aired for 5 years and introduced many of Jim Henson's most beloved Muppet characters. The complete **The Muppet Show** series is now available on DVD, including Teresa's episode – in which she performs **Cotton Fields, Spinning Wheel** and **Music! Music! Music!** For more information see [NEWS](#) > *Products and Resources* > *Recent Products*.

October monthly features:

The 14th of our series spotlighting vintage print articles about Teresa appears this month – a **TV Radio Mirror Magazine** article from September 1959. Follow the *Now in Print* icons on the [HOME](#) page or the [LIFE](#) page. (You'll need Adobe Reader installed to view the print article files, and be patient as the large file downloads.)

Each month we provide sample audio of one of Teresa's songs that is not included in the permanent audio library on the website. This month's Song of the Month is **Satellite** – from Teresa's 1959 album **Heavenly Lover**. Last month we reported that **Satellite** has been included on an import collection titled **Atomic Platters – Cold War Music From The Golden Age Of Homeland Security**, the first time that **Satellite** has been released on CD. Find the Song of the Month by following the *Now Playing* icons on the [HOME](#) page or the [MUSIC](#) page.

Happy autumn everyone! – from the Teresa Brewer Center (www.teresafans.org)
